## The N°2

---

### The Icon

'First made in 1905, the Savoir N°2 is the original, iconic Savoy bed.'

Commissioned for the Savoy hotel in 1905, slept on by such luminaries as Winston

Churchill, Giacomo Puccini and Marilyn Monroe, and handcrafted in London to this day. The N°2 is a masterclass in craftsmanship, comfort and style.

Our original Savoy topper adds the essential final layer of comfort to your bed. As you sink into its softness, your feet will be slightly elevated, improving circulation, and therefore, sleep.

Our most famous mattress, the N°2 marries natural materials and exceptional handcrafted details. The result is sublime comfort that's been enjoyed by the great and the good for over 100 years.

The N°2's deep box spring is crafted from pine, hourglass springs and horsetail. It holds your weight, allowing the mattress and topper to provide support and comfort.

For the end product to be perfect, every detail must be perfect. Only when the maker is satisfied with every element of you topper, mattress and box spring do they sign their name on the label.
